IIFS does not have any material limitations on the type of products it can recommend, nor does it have an asset-based account limitation. For additional information on products services provided, please refer to www.insigneo.com.

WE RECOMMEND THAT YOU ASK THESE QUESTIONS TO YOUR FINANCIAL CONSULTANT:

“Given my financial situation, should I choose a brokerage service? Why or why not?” “How will you choose investments to recommend to me?”

“What is your relevant experience, including your licenses, education and other qualifications? What do these qualifications mean?”

WHAT FEES WILL I PAY?

IIFS should expect to pay transaction-based fees, such as mark ups and mark downs on fixed income, commissions for equities and options, and sales charges for mutual fund share classes. In addition, retail clients may expect to pay non transaction-based fees such as account maintenance fees and service charges.

Things to keep in mind: a) when holding a brokerage account, a retail investor will pay commissions based on the trades in the account, therefore the financial professional may have an incentive to encourage the retail investor to trade more often; b) you will pay fees and costs whether you make or lose money on your investments and c) fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. For more detailed information on fees, please visit:

In regard to fees and costs, a good related question when speaking to your financial professional:

“Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?”

WHAT ARE YOUR LEGAL OBLIGATIONS TO ME WHEN PROVIDING RECOMMENDATIONS? HOW ELSE DOES YOUR FIRM MAKE MONEY AND WHAT CONFLICTS OF INTEREST DO YOU HAVE?

When we provide you with a recommendation, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the recommendations, we provide you.

A good, related question to ask your financial professional:

“How might your conflicts of interest affect me, and how will you address them?”
